11:00 - 11:10 **Opening Remarks**
Welcome & introduce the session objectives

11:10 – 11:40 **Panel Discussion**

Role of Youth in National & Global Health Policy

What does meaningful youth involvement look like in real settings?

Reaching and Influencing Stakeholders

How to identify and approach stakeholders in hepatology (MoHP, insurance, NGOs)

Building partnerships that lead to real change

From Protocols to Practice

Why are protocols and guidelines often not applied effectively?

How can youth contribute to bridging that gap?

The role of public awareness in policy enforcement

Youth in National Hepatology Programs

Are there existing opportunities for youth participation in national liver programs?

How to advocate for the inclusion of youth in decision-making spaces?

11:40 – 11:45 **Q&A** (2–3 audience questions)

11:45 – 11:55 **Breakout Discussions** (3–4groups)

Small Group Work

How can youth make their voices heard in policy-making for liver health?

What practical steps can youth take to build partnerships with stakeholders?

How can youth help bridge the gap between protocols and practice?

What role can awareness campaigns play in supporting policy enforcement?

11:55 – 12:05 **Presentation** Each group presents 1–2 key insights
